

Town & Country  
Mutual Insurance

Stability. Security. Close to home.

Town & Country, a policyholder-owned Ontario Mutual insurer, located in Strathroy, is looking for a self-motivated person with a commitment to excellence to join our team of insurance professionals as an *Agent*.

With a strong customer based focus, you will sell and service our range of agricultural, residential, automobile and commercial insurance products. You will collaborate with our underwriting and management groups to exchange information while thoroughly completing applications, forms and maintaining customer sales records.

Property & Casualty insurance experience is a plus to enable you to identify insurance requirements of prospective and existing clients. You must have the ability to adapt to each client, being able to describe and explain all complex policy forms and coverage through simple terms in order to provide the advice and products they need.

Conducting business with the highest levels of professionalism is a must. A post-secondary education combined with sales/networking experience with proven results is strongly preferred, as is a CIP designation or working towards one.

Please send your resume and cover letter to [jwilliams@town-country-ins.ca](mailto:jwilliams@town-country-ins.ca).

*We thank all applicants for their interest, but only those considered for an interview will be contacted.*
