Backup Sump Pump Rebate Form

The rebate program supports our loss prevention initiatives and provides a monetary reward to those who take a proactive approach in protecting their homes.

Back up systems can be battery operated or powered by water pressure. Effective immediately we will reimburse you 50% up to \$250 of costs incurred of the expense of installing a back up sump pump for your principal residence.

In order to receive your rebate, simply send in your invoice and the bottom portion of this letter and we will forward 50% of the expense, up to a maximum of \$250. Please note conditions below.

Thank you for choosing Town & Country as your insurance provider.

Install a Backup Sump Pump and Receive a Rebate of 50% up to \$250 (of the cost incurred)

The Following Conditions Apply:

1. Your primary pump must be in good working order.
2. Your account is in good standing.
3. The back up pump must be installed by a licenced plumber
4. The backup sump pump works off a different power source than your primary pump.
5. One rebate per insured residential property.
6. The rebate applies to Broad and Plus policies only.
